28+	25+	₹2,200 Cr+	765 kV	±800 kV	10
Years of Experience	Transmission Lines Energized	Project Portfolio Exposure	Highest AC Voltage Exposure	HVDC Exposure	India Work Regions

EXECUTIVE PROFILE

Senior Power Transmission & EPC Project Leader with 28+ years of progressive experience across transmission lines, substations, TBCB projects and high-voltage infrastructure. Experienced across 132 kV, 220 kV, 400 kV, 765 kV and ±800 kV HVDC environments, with 25+ transmission lines energized and professional exposure to project portfolios exceeding ₹2,200 crore. Strong track record in end-to-end execution, planning, construction, commissioning, ROW coordination, contracts, commercial controls, vendor management, HSE, quality and stakeholder leadership.

CORE LEADERSHIP & TECHNICAL COMPETENCIES

- End-to-end EPC / TBCB Project Leadership
- ±800 kV HVDC & High-Voltage Transmission
- Construction, Erection, Stringing & Commissioning
- ROW, Land / Crop Compensation & Stakeholder Management
- HSE, Quality, Compliance & Risk Management
- Transmission Lines & Substations: 132 / 220 / 400 / 765 kV
- Project Planning, Scheduling & Progress Controls
- Contracts, Commercial Coordination & Billing
- Cost Control, Resource Planning & Vendor Management
- Client / Utility / Contractor / Cross-functional Leadership

SELECTED EXECUTIVE IMPACT

- Current leadership of a Maharashtra TBCB transmission project spanning 400 kV, 220 kV and 132 kV assets.
- More than 25 transmission lines energized across PGCIL / BSPTCL / MPPTCL-linked project environments.
- Execution exposure exceeding ₹2,200 crore across transmission and infrastructure assignments.
- High-voltage exposure across 765 kV AC and ±800 kV HVDC transmission environments.
- Strong field-to-corporate bridge across planning, construction, commercial, HSE, quality and stakeholder functions.

PROFESSIONAL EXPERIENCE

Jun 2026 – Present | MONTECARLO LIMITED
AGM / CHIEF PROJECT MANAGER
Leading end-to-end execution of the NES Dharashiv Transmission Limited TBCB project in Maharashtra, covering 400 kV, 220 kV and 132 kV transmission lines and associated substation works. Accountable for schedule, construction coordination, quality, resources, commercial follow-up, stakeholder alignment and site delivery.

Apr 2025 – May 2026 | JYOTI STRUCTURES LIMITED
ASSISTANT GENERAL MANAGER – PROJECTS
Led execution of the 765 kV D/C Khavda–Lakadia transmission line project, driving schedule performance, field coordination, resource planning and quality-led delivery in a high-complexity transmission environment.

Dec 2022 – Mar 2025 | JYOTI STRUCTURES LIMITED
SENIOR MANAGER – PROJECTS
Directed MPPTCL Package-2 transmission works with end-to-end coordination across planning, construction and commissioning. Achieved energization of 20 transmission lines.

Feb 2019 – Nov 2022 | ASSOCIATED POWER STRUCTURES PVT. LTD.
SENIOR MANAGER – PROJECTS
Led Bihar transmission projects valued at approximately ₹660 crore, coordinating planning, resource deployment, site execution and commercial activities across multiple project phases.

May 2017 – Jan 2019 | EMCO LTD.
PROJECT MANAGER
Managed a DFCC transmission line package under PGCIL, including execution control, stakeholder coordination, compliance and commissioning readiness.

Jun 2015 – May 2017 | ASSOCIATED POWER STRUCTURES PVT. LTD.
MANAGER – PROJECTS
Managed Bihar transmission projects valued at approximately ₹290 crore, with responsibility for execution planning, site coordination and delivery control.

Aug 2009 – Jun 2015 | EMCO LTD.

DEPUTY MANAGER

Supported delivery of 765 kV S/C line and 800 kV HVDC transmission projects, including high-voltage field execution and commissioning preparation.

CAREER HISTORY — EARLIER ASSIGNMENTS

Jun 2007 – Jul 2009 | JYOTI STRUCTURES LIMITED

SENIOR OFFICER – ACCOUNTS

Supported substation and rural electrification projects through coordination, administration and project support.

Nov 2006 – May 2007 | ASSOCIATED TRANSRAIL STRUCTURE LTD.

OFFICER – COMMERCIAL

Commercial coordination for electrification and substation projects, documentation and stakeholder follow-through.

Mar 2003 – Nov 2006 | KALPATARU POWER TRANSMISSION LTD.

OFFICER – COMMERCIAL

Commercial coordination and delivery support for PowerGrid transmission line packages.

Oct 2000 – Feb 2003 | JYOTI STRUCTURES LIMITED

ADMIN IN-CHARGE

Administrative and site support for EHT transmission projects and execution coordination.

Nov 1997 – Oct 2000 | RPG TRANSMISSION LTD.

ASSISTANT

Construction support for 400 kV transmission line projects, establishing early field experience in large-scale infrastructure delivery.

EDUCATION & PROFESSIONAL CREDENTIALS

- Diploma in Electrical Engineering — 2024
- MBA in Finance & Project Management — 2016
- Bachelor of Science (Mathematics) — 1998
- ISO 17025 Quality Manager Audit Certification

AWARDS & RECOGNITION

- Spotlight Award – Employee of the Month, Jyoti Structures Ltd. (30 Nov 2025)
- Xtra Mile Award / Spotlight recognition presented during World Quality Week 2025
- Certificate of Appreciation, Jyoti Structures Ltd. (31 Jul 2025)
- Value Champion – 2018 (24 Dec 2018)
- Safety & Quality Award / recognition from Power Grid for DFCC project contribution
- 2nd Runner Up – WOD-2024 Quiz Competition, Jyoti Structures Ltd.

PROJECT / TECHNICAL EXPOSURE

Voltage: 132 kV • 220 kV • 400 kV • 765 kV • ±800 kV HVDC

Project Models: TBCB • EPC • Utility / PGCIL-linked transmission • Infrastructure

Execution: Foundation • Tower Erection • Stringing • Substation Works • Testing / Commissioning • Closeout

Management: Planning • S-Curve / DPR • Cost Control • Billing • Contracts • Vendor Management • ROW • Risk • HSE / Quality

INDIA WORK FOOTPRINT

Gujarat • Maharashtra • Madhya Pradesh • Bihar • Uttar Pradesh • Delhi • Haryana • Uttarakhand • Jharkhand • West Bengal

EXECUTIVE VALUE PROPOSITION

Combines strong field execution capability with corporate project governance—connecting site teams, planning, commercial, contracts, vendors, clients and leadership to protect schedule, cost, quality and safety outcomes.

Target Role: Deputy General Manager (DGM) and Above — Power Transmission, TBCB, EPC & Infrastructure
