MANORANJAN SINGH

Asst. General Manager / Project Leadership | EPC Power Transmission & Infrastructure | Corporate Operations, Execution Governance & Stakeholder Management

Agra, Uttar Pradesh | 9430372377 & 9456044444| manoranjansingh.agra@gmail.com

EXECUTIVE PROFILE

Result-driven corporate project leader with 28+ years of progressive experience in EPC power transmission, infrastructure execution, commercial coordination, and multi-site project governance across India. Brings proven capability to lead large teams, manage high-value portfolios, align stakeholders, and deliver complex 132 kV, 220 kV, 400 kV, 765 kV, and ±800 kV HVDC projects within demanding corporate and utility environments.

Demonstrated record of energizing more than 25 transmission lines and leading Bihar transmission portfolios valued at approximately ₹950 crore, with accountability across planning, execution, contracts, commercial coordination, quality, HSE, commissioning, and project closeout.

Positioned for General Manager responsibilities requiring strategic execution oversight, operational discipline, business alignment, client confidence, risk control, and leadership of cross-functional teams in the corporate sector.

CORE LEADERSHIP COMPETENCIES

- General management for EPC transmission, infrastructure, and corporate project operations
- Strategic project planning, execution governance, budgeting, cost control, and milestone tracking
- Client, utility, contractor, vendor, and internal stakeholder management at senior levels
- Contracts, commercial coordination, billing support, risk management, and claims coordination
- Quality, HSE, commissioning readiness, compliance control, and project closeout leadership
- Team leadership, resource mobilization, performance monitoring, and cross-functional coordination

CAREER ACHIEVEMENTS RELEVANT TO GM ROLE

- Leading a TBCB project for NES Dharashiv Transmission Limited in Beed, covering 400 kV, 220 kV, and 132 kV substations and associated transmission lines.
- Delivered energization of more than 25 transmission lines across PGCIL / BSPTCL and MPPTCL Package-2, reflecting strong execution governance and commissioning control.
- Managed Bihar transmission portfolios valued at approximately ₹950 crore across successive leadership assignments.
- Handled major 765 kV, ±800 kV HVDC, DFCC, and high-voltage transmission packages in demanding utility and infrastructure environments.
- Built credibility in corporate project delivery through disciplined planning, stakeholder alignment, commercial coordination, safety focus, and quality-led execution.

PROFESSIONAL EXPERIENCE

Assistant General Manager – Chief Project Manager | Montecarlo Limited, Ahmedabad | June 2026 – Present

- Leading end-to-end execution of the TBCB NES Dharashiv Transmission Limited project in Maharashtra, covering 400 kV, 220 kV, and 132 kV transmission lines and associated substation works, with accountability for schedule, coordination, quality, and site delivery.

Assistant General Manager – Projects | Jyoti Structures Ltd., Mumbai | Apr 2025 – May 2026

- Led execution of the 765 kV D/C Khavda–Lakadia transmission line project, with responsibility for schedule performance, site coordination, and quality-led delivery.
- Strengthened cross-functional execution discipline to sustain progress against critical milestones in a high-complexity transmission environment.

Senior Manager – Projects | Jyoti Structures Ltd., Mumbai | Dec 2022 – Mar 2025

- Directed execution of MPPTCL Package-2 transmission works with end-to-end coordination across planning, site delivery, and commissioning activities.
- Achieved energization of 20 transmission lines, underscoring strong execution control, commissioning readiness, and milestone delivery.

Senior Manager – Projects | Associated Power Structures Pvt. Ltd., Vadodara | Feb 2019 – Nov 2022

- Led execution of Bihar transmission projects valued at approximately ₹660 crore, managing delivery in a complex EPC environment.
- Oversaw planning, resource deployment, site execution, and commercial coordination across multiple project phases to maintain delivery momentum.

Project Manager | EMCO Ltd., Mumbai | May 2017 – Jan 2019

- Managed delivery of the DFCC transmission line package under PGCIL, ensuring alignment with project execution requirements.
- Directed execution control, stakeholder coordination, and compliance activities to support disciplined project delivery.

Manager – Projects | Associated Power Structures Pvt. Ltd. | Jun 2015 – May 2017

Managed Bihar transmission projects valued at approximately ₹290 crore, with responsibility for execution planning, site coordination, and delivery control.

Deputy Manager | EMCO Ltd. | Aug 2009 – Jun 2015

Contributed to delivery of 765 kV S/C Line and 800kV HVDC transmission projects, supporting high-voltage execution, commissioning preparation, and field performance.

Senior Officer (Accounts) | Jyoti Structures Ltd. | Jun 2007 – Jul 2009

Supported execution and control of substation and rural electrification projects, contributing to coordination, administration, and project support activities.

Officer (Commercial) | Associated Transrail Structure Ltd. | Nov 2006 – May 2007

Handled commercial coordination for electrification and substation projects, including documentation, stakeholder follow-through, and project support functions.

Officer (Commercial) | Kalpataru Power Transmission Ltd. | Mar 2003 – Nov 2006

Supported execution of PowerGrid transmission line packages through commercial coordination and delivery support activities.

Admin In-charge | Jyoti Structures Ltd. | Oct 2000 – Feb 2003

Managed administrative support for EHT transmission projects, helping sustain smooth site operations and execution coordination.

Assistant | RPG Transmission Ltd. | Nov 1997 – Oct 2000

Provided construction support for 400 kV transmission line projects, building early field experience in large-scale infrastructure delivery.

EDUCATION & PROFESSIONAL CREDENTIALS

Diploma in Electrical Engineering (2024)

MBA in Finance & Project Management (2016)

Bachelor of Science in Mathematics (1998)

ISO 17025 Quality Manager Audit Certification

RECOGNITION

Received a Safety and Quality Award from Power Grid for contributions to the DFCC project.

VALUE PROPOSITION

- Provides senior leadership for complex EPC and infrastructure projects requiring schedule discipline, financial awareness, quality control, and client confidence.
- Bridges field execution and corporate governance by aligning site teams, commercial functions, planning teams, vendors, contractors, and client representatives.
- Strengthens business outcomes through risk-based decision-making, proactive issue resolution, resource optimization, and strong delivery accountability.
- Brings a dependable leadership style suited for General Manager responsibilities in corporate project operations, transmission infrastructure, and large-scale execution environments.

COMPENSATION

Current CTC: **Rs.27.54 lakh per annum** plus additional perks. Expected compensation: negotiable as per role, responsibility, and company policy.
